GENERAL INFORMATION—Continued

TELEPHONE APPARATUS.

Insurance.—Subscribers are responsible for the value of any telephone instrument or apparatus, including the portion of the telephone line on their premises, rented from the Department, which may be destroyed or damaged by fire or other cause. It is advisable, therefore, to cover the value of such instrument, apparatus, and line by insurance.

Cleansing of Telephones.—The Telcogene Pty. Ltd., 15 Hamilton Street, Sydney, (Telephone B 4113), has the sole right of operating cleansing services for Departmental telephones in subscribers' premises. A telephone subscriber may arrange with the company for the cleansing of the telephones leased by him.

CORRECT TIME.

Subscribers may obtain the correct time by calling the Exchange. A unit call fee is charged on each occasion.

JOINT-USER SERVICES.

Persons occupying the same building may jointly subscribe to a telephone service under the one exchange number for an additional fee of £1/10/- per annum, which also covers the extra entry in the directory.

COMPLAINTS & CORRESPONDENCE.

Do not make complaints to the Telephonist. Advise the Officer-in-Charge of any defect in the service. These calls are free.

Address correspondence and inquiries concerning other telephone matters to the Postmaster.

WEATHER FORECASTS.

Country telephone subscribers may obtain the daily weather forecast by telephone on payment of £1 10s. per annum.

DIRECTORY INFORMATION

ENTRIES.

As a general rule, each subscriber is entitled to one free entry for each complete telephone installation at the same address. Such free entry is normally restricted to such details of name, address and telephone number as are, in the opinion of the Department, sufficient to enable the subscriber to be identified and called. Advertising matter is not permitted.

Additional matter and block type in entries and extra entries are permitted, subject to certain restrictions and charges. Details of the charges may be ascertained from the local Postmaster.

While every care is taken in compiling the directory, the Department is not responsible for the particulars contained in any entry included therein and accepts no liability for any omission or error which may occur. No claim for compensation in this respect will be entertained.

Any omission or error in the directory should be immediately notified in writing to the Superintendent, Telephone Branch, Sydney, to whom inquiries regarding additional entries should be made.

PRIVATE LISTS.

A subscriber who keeps a private list of telephone numbers should check it as soon as he receives the new directory. No list of subscribers may be printed, published, or circulated without the authority of the Deputy Director, Posts and Telegraphs.

SECTION SIX

ADVERTISEMENTS.

Correspondence and inquiries regarding advertisements in and upon this directory should be addressed to the Advertising Contractor, Edward H. O'Brien Pty. Ltd., O'Brien House, 56 Young Street, Sydney (Telephone BW 4041). The Department accepts no responsibility in connection with any advertisement or for any error or omission therein.

COVERS.

Telephone directories which are supplied free of cost by, or purchased from, the Department must not, without the written consent of the Department, be enclosed in covers in or upon which advertisements are displayed.

ADDITIONAL COPIES.

Extra copies of this directory, or copies of other directories, may be obtained at a charge not exceeding 4d. for each country section and 1s. 6d. for the metropolitan directory. Application should be made to the local Postmaster.

OBSOLETE DIRECTORIES.

Owing to alterations in numbers, the use of out-of-date directories gives rise to ineffective calls, and subscribers are urged to see that their directories are up to date. Obsolete copies should be discarded.

RATES BEYOND THE COMMONWEALTH.

For rates to overseas countries see Post Office Guide or inquire at any Post Office.

TELEGRAPH INFORMATION

HOW TO SEND A TELEGRAM OR LETTERGRAM FROM YOUR TELEPHONE.

Ask the Exchange for "Telegrams."

Dictate your telegram to the attendant, who will repeat it to you to ensure accuracy.

Unusual or difficult words should be spelt and suitable code words used to ensure correctness—e.g., A. for Albert, B for Bob, and so on.

Overseas telegrams and radio telegrams may also be telephoned.

The usual telegraph and telephone charges, plus a fee of 2d. per message, are debited to the subscriber's account.

A telegram addressed to a telephone number will be telephoned to the addressee free of charge, thus ensuring more expeditious delivery.

A statement containing particulars of telegraphic charges included in a subscriber's account may be obtained upon payment of a fee of 1s. where not more than 25 telegrams are involved and 6d. for each additional 25 or portion thereof up to an inclusive total of 200 and then 6d. for each additional 50 or portion thereof.

RATES TO & FROM COUNTRIES OVERSEAS.

British Empire destinations, excepting as indicated below:—

Rates per word.—Ordinary 1s. 3d.; Code (CDE) 10d. (with minimum of 5 words); Deferred 7½d.; Daily Letter Telegrams 5d. minimum charge as for 25 words, 10s. 5d.).

New Zealand, Fiji, New Guinea, Papua, Norfolk Island and Foreign destinations.

Consult the list of Rates for Telegrams to places beyond the Commonwealth appearing in the Post Office Guide, or inquire at any Telegraph Office.

SECTION SIX

TELEGRAMS TO & FROM COUNTRY SUBSCRIBERS AFTER USUAL HOURS.

A telegram may be telephoned over a trunk line to a subscriber from the nearest telegraph office which is open, when the trunk line charges involved are paid by the sender.

When the local telegraph office is closed, a country subscriber may be connected by trunk line to the nearest telegraph office which is open, for the purpose of sending a telegram.

No trunk line charge is imposed for this service if the message is telephoned between the hours of 9 a.m. and 5.30 p.m. on any day except Sunday, but if the message is telephoned at any other time or on a Sunday, the trunk line fee involved will be added to the telegraph charges.

COLLECT TELEGRAMS.

The charge for a telegram may be collected on delivery if the sender gives a guarantee.

REPLY-PAID TELEGRAMS.

The charges for a reply-paid telegram may be debited to a subscriber's telephone account, if he so desires.

TELEGRAM RATES WITHIN THE COMMONWEALTH.

Ordinary Rate Telegrams.—Not exceeding 14 words (including address and signature)—Within a 15-mile radius of the office of origin, 9d.; beyond a 15-mile radius, 1s.; additional word, in each case, 1d.

Urgent Rate Telegrams.—Urgent Rate telegrams are charged at double the ordinary rate and are treated with the utmost expedition at all stages.

TELEGRAPH INFORMATION—Continued

TELEGRAPHIC MONEY ORDERS.

Money may be transferred by telegraph between all Telegraph Offices, which are also Money Order Offices, within the Commonwealth, and, subject to certain restrictions, to Overseas countries. For rates and conditions, inquire at any Money Order Telegraph Office.

CODE ADDRESSES.

A code address for telegrams may be registered.

For Commonwealth telegrams the charge is £2 2s. per annum; for International telegrams, 10s. 6d. yearly; and for both Commonwealth and International telegrams, £2 2s.

WIRELESS INFORMATION

LICENCES.

Fees.—A broadcast listener's licence must be held by the owner or user of a wireless receiver. The occupier of any premises is obliged to see that a licence is held covering any receiver installed on his premises. Broadcast listeners' licences are obtainable at almost any Post Office. The fee in the State of New South Wales is £1 per annum for one receiver in any one building, and 10/- for each receiver in excess of one, owned by the same person.

Payment of Licence Fees by Postage Stamps.—At most Post Offices cards may be obtained on which stamps of an individual face value of 6d. or more may be affixed for the payment of a broadcast listener's licence fee. The card does not take the place of a licence.

Free Licences for the Blind. Broadcast listeners' licences are issued free of charge to the blind. Applications should be made to the Superintendent, Wireless Branch.

Licences Not Transferable.—Wireless licences are not transferable from one person to another.

Inspection of Licences.—Licences must be available for inspection by authorised officers of the Department at all reasonable times.

Change of Address.—Changes of address must be notified to the Superintendent, Wireless Branch, within fourteen days.

DEMONSTRATION OF WIRELESS RECEIVERS.

Subject to certain conditions, wireless dealers may install a set on demonstration in the home of a prospective purchaser for a period of seven days in the metropolitan area and fourteen days in the country.

Particulars may be obtained from the Superintendent, Wireless Branch, G.P.O., Sydney (B 040).

INTERFERENCE TO BROADCAST RECEPTION.

Listeners' reception of broadcast programmes is often marred by noises in their receivers. There is no remedy for those caused by atmospheric, but noises due to the operation of electrical appliances or the proximity of the electricity supply main can be removed.

The Department will help listeners who are troubled in this manner. Any one desiring assistance should complete a Radio Interference form (available at Post Offices), and send it to the Superintendent, Wireless Branch.

ALPHABETICAL LIST.

The hours of attendance at Exchanges other than those with a continuous service do not include Sundays and Holidays unless specially indicated.

All are liable to BURGLARY!

More and more far-sighted property owners in country towns and rural areas are installing the proven

METROPOLITAN BURGLAR ALARM SYSTEM

as used by the

COMMONWEALTH BANK
BROKEN HILL PROPRIETARY
BLUE MOUNTAIN ENTERPRISES
AUSTRALIAN WINDOW GLASS CO.
20 BOWLING CLUBS—12 SKIN MERCHANTS
20 HOTELS . . . AND 4,000 OTHER USERS

AUSTRALIAN GAS LIGHT CO.

Our record of alarm installations is such that successful burglaries, breaking and entering on METROPOLITAN protected business premises, homes, week-enders—in fact, any building at all, is practically negligible. Hundreds of business buildings and factories, thousands of homes throughout the State are secure behind the PROVEN PROTECTION of "Metropolitan" (over 20 years in N.S.W.).
